# IX | IXG SERIES

## IP VIDEO INTERCOM

Transform communication and security with the **IX | IXG Series**, the most powerful and customisable IP video intercom solution on the market. Designed to cover commercial, multi-tenant, and mixed-use environments, the solution offers a wide range of door stations, answering stations, and emergency options to meet the needs of any property. Its app provides a frictionless experience for users and visitors to see, speak, and unlock doors.

# IX|IXG SERIES CREATING A COMPREHENSIVE

Engineered with purpose, and leveraging industry standards like SIP and ONVIF,<sup>®</sup> the IX|IXG seamlessly integrates with all layers of security infrastructure, including HLI access control systems, VMS solutions, IP-PBX systems, and IP cameras.

# SECURITY ECOSYSTEM

Secure your premises with the IX|IXG Series, built to the highest standards for integration and reliability.

### DURABLE DESIGN, WEATHERPROOF PERFORMANCE

Built to withstand the harshest conditions, the IX|IXG series features robust durability, providing protection against weather and vandalism. This ensures reliable performance in any environment. With a variety of mounting options, these devices seamlessly blend into your building's aesthetic.

### SEAMLESS INTEGRATION FOR THE ULTIMATE PROTECTION

Our intercoms are SIP and ONVIF® compliant, allowing seamless integration with leading providers of IP cameras, video management systems, and access control platforms. This open architecture empowers you to build a customisable security ecosystem that evolves alongside your needs.

## DOOR STATIONS

**IXG-DM7-HIDA**  
IP Video Entrance Station  
with HID® Card Reader

347 mm (H) × 182 mm (W)

- 7" touchscreen
- Customisable welcome display
- Multiple access options
- QR code visitor passes
- Built-in HID® reader
- Tamper sensor
- IK08, IP65
- Flush mount or surface mount with SBX-IXGDM7

**IX-DV**  
IP Video Door Station

207 mm (H) × 115 mm (W)

- HD camera
- PoE passthrough
- 2 contact outputs, 6 inputs
- IK08, IP54
- Surface mount

**IX-EA**  
IP Video Door Station

160 mm (H) × 100 mm (W)

- HD camera
- Compact and lightweight design
- 1 contact output, 1 input
- IP54
- Surface mount

**IX-DVM**  
Mullion-Mount IP Video Door Station

175 mm (H) × 48 mm (W)

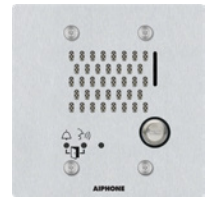

- WDR HD camera
- Optional touchless calling
- 1 contact output, 1 input
- IK07, IP54
- Mullion surface mount

**IX-DVF**  
IP Video Door Station

265 mm (H) × 150 mm (W)

- HD Camera
- PoE passthrough
- 2 contact outputs, 6 inputs
- IK08, IP65
- Flush mount or surface mount with SBX-IXDVF

**IX-SS-2G**  
IP Audio Door Station

120 mm (H) × 120 mm (W)

- 1 contact output, 1 input
- IK08, IP65
- Flush mount with 2-gang back box or surface mount with SBX-2G/A

**IX-DVF-L**

**IX-2DVF**

**IX-4DVF**

With the IX|IXG Series, you have the flexibility to communicate and unlock doors using answering stations, VoIP phones, mobile apps, and PCs.

### INTUITIVE EXPERIENCE

The home screen offers quick access to essential functions like monitoring, call history, favourites, status, settings, and paging.

### CALL TRANSFERS

Its versatile call transfer options include transferring active calls, automatic forwarding when absent, transferring unanswered calls after a set time, and convenient scheduling options.

### MONITORING AND RECORDING

The answering station monitors and records video from connected door stations and network cameras.

### DOOR RELEASE

Tie directly to electric locks or integration with access control solutions to enable remote unlocking of doors from the answering station.

### IXGW-TGW CLOUD GATEWAY

Our Cloud Gateway allows you to answer video intercom calls and remotely unlock doors using your mobile device, either through the IXG mobile app or a regular phone call. It provides a reliable LTE connection via a SIM card for seamless communication, even if your primary network is down.

## ANSWERING STATIONS

**IX-MV7-HB**

**IX-MV7-HW-JP**

Touchscreen Answering Station with Handset

204 mm (H) × 280 mm (W)

- 7" touchscreen
- 8 customisable speed dial buttons
- 2 contact outputs, 4 trigger inputs
- Audio and video recording capability
- Wall or desk mount

**IX-MV7-B**

**IX-MV7-W**

Touchscreen Answering Station

172 mm (H) × 220 mm (W)

- 7" touchscreen
- 8 customizable speed dial buttons
- 2 contact outputs, 4 trigger inputs
- Audio and video recording capability
- Wall or desk mount
