Synergy 3579 Series Mortice Locks and Deadbolts

SCEC Endorsed (Secure Area)

Description

For use in high security government, institutional and commercial projects. The 3579 Series Mortice Lock has been successfully SCEC endorsed for secure area applications.

Features and Specifications

- All handing type features of the lock including hub selection, anti-lockout screw and reversible latch are accessible without removing the plates.

- 570 oval type cylinders and retaining pin can be used (cylinder must also be appropriately SCEC endorsed)

- 2 x 1.2mm stainless steel plates fixed through the lock provide increased strength to the cylinder and latch areas of the lock

- Available with all 3570, 3571, 3572 and 3574 functions

To achieve secure area rating, the 3579 Mortice Lock must also:

- Be fitted with a SCEC endorsed 570 oval cylinder which also secure area rated, e.g ABLOY PROTEC. Visit assaabloy.com.au

- Be fitted with full plate furniture including Lockwood 1800 Series and Artefact Series II
